Not to be taken from the Library

The hospital service provided by the Health Service System will be a ward bed, meals, special diet, general nursing care, floor supply of drugs, dressings, laboratory and tissue examinations, basal metabolic rate determination, electrocardiographs, blood typing for transfusions, physiotherapy not to exceed \$10.00 in selling value, use of operating room, administration of anesthetic, plaster casts, ordinary splints, intravenous solutions.

While in the hospital the patient shall be entitled, without charge, to the professional services of a roentgenologist and use of all hospital X-ray equipment and services, technician's services and facilities including films.

WHAT PATIENT MUST PAY FOR IF USED

The following services if given the patient must be paid for by him: Use of operating room for extraction of teeth or dental care, dental X-ray; the use of special splints for which a rental charge is made; those drugs and medicines other than the floor supply, for which the hospital makes an additional charge to the patient; an oxygen tent or administration of oxygen therapy; the blood of a donor in blood transfusion; the use of radium; deep X-ray therapy; crutches or the use of crutches if the hospital makes a charge therefor; allergic tests, biologic tests, and orthopaedic appliances.

WHAT HOSPITALIZATION IS NOT PROVIDED

Hospitalization is not provided for obstetrics or complications of pregnancy, venereal diseases, dental care, alcoholism, drug addiction, injuries or illness arising out of or induced by alcoholism or drug addiction, excitable nervous and mental diseases, contagious diseases quarantinable by law, illnesses or injuries resulting from attempted suicide, injuries or illnesses where the patient is entitled to care under the Workmen's Compensation Act, sanitarium treatment or care of tuberculosis, rest home or sanitarium care, other cases not admissible to an ordinary hospital. Hospitalization will not be provided for the sole purpose of diagnosis of ambulatory cases.

PRIVATE ROOMS

Patients may have private rooms in the hospital by paying the difference between the regular ward rate and the rate charged by the hospital for the room desired.

PHYSIOTHERAPY

When ordered by the attending physician, patients will be given physiotherapy treatments without charge at the Physiotherapy Department of the Health Service System only. The department is located in Room 309-310 San Christiana Bldg., 1026 Market St. nr. Golden Gate Ave. Hours are from 9 A. M. to 6 P. M., Monday through Friday. Saturday morning from 9 A. M. to 12 Noon for City Employees Only.

AMBULANCE SERVICE

Ambulance service from within the boundaries of the City and County to the hospital will be provided.

MEMBERS OUTSIDE OF SAN FRANCISCO

Members regularly employed outside of the City and County of San Francisco and those members living outside of San Francisco on the authorization of the Director of Public Health of the City and County of San Francisco may get treatment from a resident doctor in their locality provided that the doctor will agree to perform services under Plan 1, as adopted by the Health Service Board.

Members on vacation or traveling inside the boundaries of the State or living outside of San Francisco on lawful authorization other than that of the Director of Health who receive emergency illness or injury treatment at the place where they are stricken will be reimbursed upon approval by the Medical Director at the same rate of compensation as would be given to an authorized hospital or professional staff member in San Francisco for the same condition, upon presenting the receipted bills and a brief medical history of the case to the Medical Director.

In all such cases the Medical Director must be notified immediately and the patients must be returned to San Francisco as soon as it is medically safe for them to be moved.

BILLS FOR WHICH SYSTEM NOT RESPONSIBLE

The Health Service System will not be responsible for any payments to doctors or hospitals who will not join the System and by rejecting the compensation schedule and rules and regulations refuse to cooperate with the city employees. The Health Service System will not be responsible for the cost of hospitalization where the member is hospitalized by a doctor not on the professional staff.

SICK LEAVE REPORTS

Sick leave reports will be furnished by attending physicians without charge to members of the System.

SPECIAL NURSES

Special nurses are not provided by the Health Service System.

PRESCRIPTIONS

All prescriptions for medicine must be in writing and the patient must be allowed to choose his own druggist. The Health Service System does not pay for medicines.

By special arrangement with the Northern California Retail Druggists' Association, Ltd., many drug stores will give a discount on prescriptions to members of the Health Service System who show their card of membership. This applies only to medicines.

DEPENDENTS

In order to be eligible for dependent membership, a person must be wholly dependent on others for support and 50 per cent of the dependency must be on the city employee member of the Health Service System.

Dependents seeking admission to the system must submit to a medical examination. Any physical defect or pathological condition then present shall be corrected before the dependent is admitted, or such defect or condition, **whether or not found on examination**, will not be treated by the System.

No minor dependent will be admitted until attaining the age of one year.

The charge for all minor dependents shall be \$1.80 each per month and all admissible minor dependents must be enrolled if any one is entered in the System.

Service to dependents and to independent beneficiaries will be limited to one year for any one condition or injury.

No minor dependent is entitled to a tonsillectomy or adenoidectomy.

No adult dependent or independent beneficiary is entitled to obstetrical service or service for complications of pregnancy.

SUBROGATION

Where a subscriber has a legal claim against a third person for damages for illness or injury caused by the act or omission of such third person, the Health Service System shall be subrogated to that claim to the extent of a fair charge for the services rendered by it to the subscriber necessitated by such act or omission.

MEMBERSHIP CARDS

Membership cards must be shown to doctor, hospital and other agencies of medical care previous to receiving services. Any violation of this rule obligates the Medical Director to refuse authorization of payment. Members must sign appropriate forms on the dates services are received.

Employees on leave of absence should notify the office of the Health Service Board and arrange for the payment of their monthly contributions.

Death of dependent members of the Health Service System should be reported to the office immediately.

RATES

Member	\$2.80 per month
Dependents 18 to 62 years of age	2.80 “ “
“ 62 years and over	3.50 “ “

“ “ 62 years of age and over	3.50 “ “

GENERAL INFORMATION

The San Francisco Health Service System is the only compulsory system of health insurance for municipal employees in the United States. The system came into being as the result of a Charter amendment passed by the people on March 9, 1937, by a vote of 76,749 to 56,616.

A subsequent Charter amendment in November, 1942 blanketed in to civil service all of the employees of the Health Service System, except the Medical Director, who were employed by the System and had been employed continuously for one year immediately prior to the effective date of the amendment. The amendment was ratified by the State Legislature and became effective on January 11, 1943. The Medical Director is appointed by and holds office at the pleasure of the Health Service Board.

As of January 1, 1946, there were more than 16,000 members in the Health Service System. The membership is divided into several groups: Employee members, 10,954; Adult dependents, 2457; Minor dependents, 1818; and Retired members, 816. It is compulsory for employees of the City and County of San Francisco and of the San Francisco Unified School District to become members of the System unless granted exemption by the Health Service Board. Membership of the three remaining groups is provided for by the Board.

During the year ending September 30, 1945 slightly more than \$500,000 was collected from members of the System for medical care. Ninety (90%) per cent of all the money collected is allocated to the Medical fund and the remaining ten (10%) per cent is allocated to the Administration fund.

On two occasions health insurance authorities from the East have visited San Francisco for the purpose of obtaining information relative to the Health Service System. At the conclusion of their visits the authorities have stated that the Health Service System is one of the best in the United States.

A. S. KEENAN, M. D.
Medical Director

The Medical Director has submitted to the Health Service Board the following list consisting of physicians, surgeons, specialists and consultants who to date have agreed in writing to treat members of the Health Service System. Many of the doctors are specialists and limit their practice to special fields of medicine; others are consultants only. Any legally qualified Doctor of Medicine whose name does not appear on this list may have his name included by signing the rules and regulations adopted by this Board. If you desire any information on the type or scope of practice of any doctor on the list, phone HEmlock 7100. The names of doctors reported to be on military leave have been temporarily withdrawn from this list.
